

**A Parent Newsletter for the
Preschool Classroom
June 2022**

Hello families,

I hope this newsletter finds you all healthy and doing well! The preschool team is eager to get back into the classroom with your kiddos! As many of you may know we have welcomed teacher Amy to the preschool team as our closing teacher.

We will be kicking off the month of June with a new garden study. In May our class planted starts for our garden and this month we will plan to get the kids out into the garden to explore and get things planted so we can watch all of the plants grow!

In June, we usually kick off our “Water Play Fridays” which is so much fun! Every Friday (weather permitting) we set up water activities outside and let the kids get fully immersed in getting wet. Please be sure to have a bathing suit or extra set of clothes for your child every Friday. Your child may also like to have a towel and sun hat. Additionally, please plan for your child to have a pair of water shoes (no flip flops) at school daily as we have water tables open most days throughout the summer.

In recent weeks the children’s mask baskets have been overflowing with soiled masks. Please be sure to check their basket daily and take masks home to be laundered or thrown out as necessary.

-Kayla
